SHANGHAI INTERNATIONAL STUDIES UNIVERSITY

The 2019 International Conference of  
Artificial Intelligence & Technology-Enhanced  
Language Learning Together with the Post-  
Graduate Academic Forum

Shanghai • China 2019.10.25-27

With the rapid development of technology, intelligent educational system based on technologies such as educational big data, cloud computing, mobile technology, and artificial intelligence is gaining its momentum worldwide. Urgent problems we are facing in such context include how to update the traditional methods of language learning and teaching, how to innovate the human resources training, and how to build a new educational system based on intelligent and interactive learning, etc.

The 2019 International Conference of Artificial Intelligence and Technology-Enhanced Language Learning (AiTELL) Together with the Post-Graduate Academic Forum will be hosted by the School of Education (SoE) in Shanghai International Studies University (SISU), China. It is our honor to invite the world-renowned experts and researchers in the fields of educational technology, learning science, and language learning to give presentations in the AiTELL 2019. They will bring all the participants a research insight to explore the new forms of language education in the context of intelligent technology. It is expected to provide a unique platform to facilitate research collaboration among interdisciplinary paradigms. Moreover, the AiTELL 2019 will offer workshops of research methodology and academic writing toward international journal publications to link in-depth communication and collaboration among outstanding young scholars both at home and abroad.

The AiTELL 2019 covers three themes, including artificial intelligence, language learning, and educational technology. Both academics and postgraduate students are encouraged to submit research papers (in English or in Chinese) to the conference. High-quality papers will have the opportunity to be selected for the publication. A brief call for papers and related topics of interest include but are not limited to the following:

- ✓ **Technology-Enhanced Language Learning**
  - Blended language learning
  - Augmented/Virtual/Mixed reality in language learning
  - Mobile/Cloud-based technology in language learning
  - Game-based language learning
  - MOOC-based language learning
  - Intelligent assessment in language learning
  - Other advanced technologies in language learning
- ✓ **Knowledge Building and Multi-Literacy Development**

- Development in knowledge building theory and instructional innovations
  - Integration of language learning, multi-literacy development and professional knowledge building
  - Intelligent learning systems for knowledge building
  - Issues of knowledge building in language learning
  - ✓ **Artificial Intelligence in Language Education**
    - Literature review on AI-based education and language learning
    - AI in language teaching
    - AI in formal/informal language learning
    - AI-based language assessment
    - AI in corpus linguistics
    - Other issues for AI-based education and language learning
  - ✓ **Language Teaching and Multi-Language Education**
    - Professional development of language teachers
    - Teacher's roles in language education
    - Approaches and methods in language teaching
    - Cultural difference and language education
    - Comparative studies on language education policies and language learning
- 

**Important Dates:**

- Deadline for Abstract Submission (150-300 words): June 20<sup>th</sup> 2019
- Notification of Abstract Acceptance: July 15<sup>th</sup> 2019
- Deadline for Full Paper Submission: August 31<sup>st</sup> 2019

**Conference Schedule:**

- Opening Ceremony and Keynote Speeches: October 25<sup>th</sup> 2019
  - Workshops and Colloquium Panel (oral presentations): October 26<sup>th</sup> 2019
  - Scholarly Communication and Work Meeting of the 2020 Conference: October 27<sup>th</sup> 2019
- 

**Venue:** Shanghai International Studies University (Songjiang Campus)

**Target Participants:** Academics and postgraduate students who are interested in the fields of intelligent technology and language education

**Registration Fee:** Free

**EasyChair:** <https://easychair.org/conferences/?conf=aitell2019>

**Coordinators:** Mr. Zeng, Ms. Jiang, Mr. Tian

**Email:** soeconference@shisu.edu.cn

**School of Education**
